Dear Sir or Madame,

The Wisconsin Geographic Names Council has received a proposal to name or change the name of a geographic feature that falls within Vilas County. Local opinion and support is highly valued by the Wisconsin Geographic Names Council when making naming decisions, therefore we are seeking your input with this correspondence.

Below you will find a geographic name proposal summary. I can provide the official proposal form and case documents upon your request.

Recommended Name of Feature: Dragonflight or Dragonfly Lake (37.55 acres)

Current Name of Feature: Unnamed (WBIC 2003800)

Unnamed	GNIS
Unnamed	WDNR – Register of Waterbodies
Unnamed	WDNR - Hydro
Unnamed	Vilas County
Monks Lake	Plat Map - Rockford Publishers (2000)

Location & Description: T40N R05E Sec 21; Town of Lac du Flambeau, Vilas County

The feature is a 37.55 acre seepage lake with no inlet or outlet and a recorded maximum depth of 3 ft. The entire feature is located in the Lac du Flambeau Tribal reservation and is located on an isthmus between Fence Lake to the East and Crawling Stone Lake to the West. There is no public access to this lake. There are no other Dragonflight or Dragonfly lakes in the State.

Proponent: Jim Rehmann – Maple Grove, MN

Summary: The proponent suggests naming this unnamed lake as Dragonflight or Dragonfly Lake to reflect the regular presence of multi-colored dragonflies that populate the lake in spring and summer. According to the proponent, there are only two residences (one owned by the proponent) on this lake and considers the lake non-navigable due to the maximum depth of 3 feet of water.

Please return the attached recommendation form with your county's recommendation as soon as possible. If no response is received by January 1st 2017, the Wisconsin Geographic Names Council will make a recommendation to the United States Bureau on Geographic Names without your input.

Please do not hesitate to contact me with any questions or concerns,

Dave E. Winston
